Past Behavior/Criminal Activity Northern Michigan University reserves the right to determine, at its discretion that past behavior and/or criminal activity on the part of an applicant for University housing is such that the interests of the University, students, and/or the applicant would be best served if the applicant was not permitted to live on campus.

A student who answers 'yes' to either question on the front side of this form must send a full statement of relevant facts with appropriate documentation from either the school or the court that adjudicated the charges to the Director of Housing and Residence Life, 2101 C.B. Hedgcock Building, Northern Michigan University, Marquette, MI 49855-5301 no later than 10 days after submitting the housing application and prior to moving into University housing. In addition, if any 'no' answer changes to 'yes' after the application is submitted, but prior to the applicant's moving into University housing, the student must submit the statement of relevant facts within three days of the event(s) which resulted in the change and prior to moving into University housing.

That statement and documentation will be handled confidentially and will be reviewed by the Director of Housing and Residence Life. It may also be reviewed by a committee consisting of one representative each from the Housing and Residence Life Office, the Admissions Office, the Dean of Students Office, and Public Safety and Police Services Office. A determination concerning the applicant's eligibility for University housing will be made and he or she will be notified in writing of the decision. Any false statement in this regard may lead to a rejection of the residence hall application or immediate termination of the student's residence hall contract.

Roommate Assignment The Housing and Residence Life Office will make every effort to accommodate a specific roommate preference or to accommodate your smoking preference if you are requesting a 2-person efficiency apartment without a specific roommate preference. Note that students requesting a specific roommate must both request the other person on their application.

Alcoholic Beverages In accordance with applicable University policies, the possession and consumption of alcohol is permitted in Spooner Hall rooms, apartments, and lounges under certain circumstances for those students who are 21 years of age or older.

Pets Pets, other than fish, are not permitted in University housing.

Smoking Smoking is prohibited in all Residence Halls

Weapons Weapons are not permitted anywhere on campus except when properly stored in the University's Office of Public Safety and Police Services weapons storage room.

Students may, of course, use cash in all of these dining service areas. Please contact the Wildcat Express Office for more information (906/227-2520).
