NMU Department of Nursing
Student Application Information Form
Core Performance Standards

Potential BSN Students: Please read the following statements carefully before signing.

Nursing is an occupation which involves daily contact with individuals and requires ability to perform a wide variety of activities. Some individuals might not be suited to perform the activities of a registered nurse. Many hospitals require physical examination, laboratory testing and x-rays prior to hiring an individual to rule out pre-existing conditions which could cause problems in performing the expected duties. If you have any condition which might impair your ability to perform the activities required of a registered nurse, you might wish to reconsider applying for admission to the nursing major. Indicated below are core performance standards for admission and progression in the BSN program.

| CORE PERFORMANCE | STANDARD | EXAMPLES OF NECESSARY ACTIVITIES (not all inclusive) |
|------------------|---|--|
| Communication | Communication abilities sufficient for interaction with others in verbal and written form. | Explain treatment procedures, initiate health teaching, document and interpret nursing actions and client responses. |
| Mobility | Physical abilities sufficient to move from room to room and maneuver in small spaces. | Move around in client rooms, work spaces and treatment areas, administer cardio-pulmonary procedures. |
| Motor Skills | Gross and fine motor abilities sufficient to provide safe and effective nursing care. | Calibrate and use equipment, position clients, administer medications orally and parenterally |
| Hearing | Auditory ability sufficient to monitor and assess health needs. | Hears monitor alarms, emergency signals, auscultatory sounds, cries for help. |
| Visual | Visual ability sufficient for observation and assessment necessary in nursing care. | Observes client responses; recognizes subtle physical changes. |
| Tactile | Tactile ability sufficient for physical assessment and performance of skilled nursing activities. | Performs palpation, functions of physical examination and/or those activities related to therapeutic nursing interventions, e.g. insertion of a catheter or starting and IV. |

Adapted from MAIN Dimensions: February 1993, Vol. 4 Issue 2

OTHER CONSIDERATIONS

1. Registered nurses must be licensed by the state(s) in which they plan to work. Persons making application for licensure are screened for criminal records and/or convicted felonies. If you have a criminal record, you should consider seeking individual legal counsel as to the possibility of being ineligible for licensure prior to applying for admission to the program.
2. Admission to the BSN Program involves a significant time commitment. Students should expect to spend 20-30 hours per week on course related work on campus and in clinical placements. Students are required to be in clinic at 6:30 a.m. for some clinics and on occasion may also be assigned afternoon or evening clinics. Transportation to clinic sites is the responsibility of the student.
3. Registered nurses are exposed to a variety of substances within the work environment and other work sites such as occasional fluctuations in temperature and electro-magnetic radiations. Exposure to blood and other body tissue and fluids, dust, electrical hazards, loud or unpleasant noises and occasional high humidity or wetness are the norm.
4. All students will be required to complete criminal background checks for entry into the nursing program. Students will be provided contact information regarding criminal background checks upon admission and will be responsible for all associated costs.
5. The Department of Nursing does not review individual cases as to medical and/or legal suitability. However, we do wish to have prospective students informed of performance standards prior to making an investment of time and

money in the program.

PLEASE RETURN THIS PORTION WITH YOUR APPLICATION

I believe I have fulfilled the requirements for admission as set forth by the School of Nursing. yes no

I understand incomplete applications will not be reviewed or considered. yes no

I understand that if I am not selected for admission, I will need to go through the application process again to be considered for admission. yes no

I understand the faculty reserves the right to select the applicants who shall be admitted and that action by the Admissions Committee of the School of Nursing is provisional, pending receipt of evidence that all pre-nursing requirements have been met. yes no

I understand the previously described Core Performance Standards. yes no

Printed Name: _____

Signature: _____

Date: _____

NOTE: This form must accompany application form and transcript. Return to the Department Secretary no later than October 1 for winter semester admission and no later than February 1 for fall semester admission.

Please complete the following information: Used only for program report.

1. Indicate citizenship: U. S. Other, specify _____
2. Indicate location of home: Upper Peninsula Lower Peninsula Out of State
3. Indicate racial/ethnic background: Caucasian/White Multiracial, Specify _____
 African-American Asian-American Hispanic/Latino Native American

Checklist for Nursing Application

(highlight all prerequisites)

Please attach the following to your application:

- An unofficial copy of your NMU transcript. Include current semester of classes and gpa.**

- Transcripts from all colleges and universities you have attended.**

- A copy of your NMU Transfer Credit Evaluation (TCE) if you have transferred credit from another college or university (obtained from the Registrar's Office and takes several weeks).**
